Homer Nine & Sons

Letter from Dale

At Homer Nine, we've had the privilege of serving our western Pennsylvania friends since 1943.

2018 marks our 75th year. To put that into perspective, we've been in business for 14 of 46 Presidents of the United States. That's a long time!

Such longevity wouldn't be possible without a dedicated staff and our loyal customers. You can have peace of mind knowing Homer Nine will be here when you need us. We stand behind the equipment and service we provide.

Please enjoy this newsletter. Thanks again for being part of our heritage and success.

Sincerely,

Dale Nive
Dale Nive

History of Homer Nine & Sons, Inc.

Homer Nine and Sons, a customer focused heating and air conditioning company, celebrates more than 75 years in business in 2018. Homer Nine and Sons sells and services furnaces, air conditioners, heat pumps, air cleaners, water heaters, boilers and humidifiers and provides duct cleaning services.

Homer Nine and Sons was started by Homer R. Nine in 1943 and moved to Harmony Ave., Rochester in 1947. Melvin Nine and Homer D. Nine bought the business in 1962. Dale Nive and his wife Tavis became third generation owners in 1996. Homer Nine and Sons relocated to their current address at 415 Mulberry St. in Bridgewater, Beaver in 2004. They employ 34 full-time people.

Homer Nine and Sons carries leading manufacturers such as Lennox, Trane, Amana, Honeywell and Kohler equipment. Homer Nine and Sons is Beaver County's only EcoWater System dealer.

In 2017, Homer Nine and Sons was voted The Times' Best of The Valley in heating and air conditioning companies for the eleventh straight year.

Homer Nine conducts its "We Support You Campaign" in conjunction with the Beaver County Times. Throughout the month of October, National Fire Prevention Month, Homer Nine will donate \$75 to a local fire department when a customer in their service area purchases a furnace, air conditioner or media air cleaner. Since 2006, Homer Nine and Sons has contributed \$29,230 to more than 50 local fire departments.

Mitsubishi Electric Cooling & Heating Ductless Systems are an Excellent Way to Update Your Heating & Cooling System.

Why Mitsubishi Electric is the Smart Choice
With Mitsubishi Electric Ductless cooling & heating you'll enjoy ultimate comfort in any room...with lower energy bills. Whether you have a single uncomfortable room or removing your chow, Mitsubishi Electric has a Zoned Comfort Solution™ that fits your unique needs. Because these systems focus on individual living spaces rather than treating every room the same, it's more customizable, more energy efficient and easier to install. Plus no ductwork means little mess and no major remodeling costs.

40% MORE EFFICIENT
Than Traditional HVAC Systems

IMPROVE AIR QUALITY
Advanced filtration purifies the air

NO DUCTWORK
Means Less Mess

"Our Customers Say it Best!"

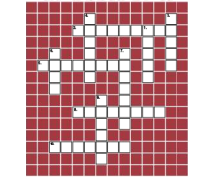

"Fabulous Service"
"My husband and I were a very confused and confused on the temp up or down. It was in the high 80s. We called Homer 9 and they diagnosed a faulty thermostat which would be replaced by a new one and I called for a new and more efficient furnace which they installed within a day and a half of our call to help. Again, excellent service from Homer 9 & Sons and would not hesitate to call anyone else for a HVAC solution."
-CBV
New Brighton

"Very Professional"
"Homer Nine & Sons has always been very professional and reliable. The office staff always goes above and beyond to help you, etc. The Service Tech was very professional and knew what he was doing, he was the best. While working inside and when outside clean, washed and protected the A/C equipment."
-Alan C.
Shaw

"Good Old-Fashioned Service"
"I was so impressed with Homer Nine I called on the home day of the year and they were here within hours. Made service quick and even though my furnace and air conditioner were not purchased through them, he called and checked to see if there was anything, only he didn't respond from the shop. The day I got it installed it was a relief to have someone who was so helpful. Good old-fashioned service and reasonable prices."

Fall Recipe
Velvety Pumpkin Soup With Blue Cheese and Bacon

Ingredients

- 2 (15 oz) cans pumpkin
- 1 cup chicken stock
- 1/2 cup milk
- 1/4 cup butter
- 1/4 cup onion
- 1/4 cup celery
- 1/4 cup mushrooms
- 1/4 cup blue cheese
- 1/4 cup bacon

Directions

1. Stir together the pumpkin, chicken stock, half milk, butter, onion, celery, mushrooms, and blue cheese in a large pot over low heat, stirring 10 minutes.
2. Meanwhile, sauté onion in a large skillet over medium-high heat, and cook until crisp-tender topper for 5 to 10 minutes.
3. Ladle soup into bowls. Top with bacon and blue cheese.

Recipe Contest

You're invited to submit your best fall recipe to Homer 9 & Sons. Simply email your entries online to recipecontest@homer9.com. Drawing held on 10/31/17. Winner will receive a \$100 gift certificate to your current system or service. © Homer 9 & Sons. Winner announced on 10/31/17.

#Homer9Rocks

Rocks come in all shapes, sizes and colors. But really, you only have three rocks that are just like no others: the pebbles from Beaver County. Rocks, as described in the Bible, are about as hard as you can get. They are used to build structures that last. The concept is to put a rock in the line of a primary or secondary structure. Homer Nine & Sons wants to give the movement an awit. The rocks will be honored with the hashtag #Homer9Rocks. When you see a post, please use it on Facebook page.

Capri (our Doggone Great Mascot)

Capri is a 3-year-old, black and white, 12lb. Shetland Sheepdog who is a mix of a Shetland Sheepdog and a Border Collie. Today she is called Doggone Great, growing up we called her Capri. Capri was named after the island of Capri which is a small island in Italy. She was very shy when we got her with pneumonia and almost died when the first 2 weeks of her life. We got Capri after our youngest son was in college. She is very loving, smart, and super playful. She can play fetch for hours. Capri does not have an owner and love every one that goes to see. Doggone Great! Capri on our website you can see her everywhere from working in her back yard, at the shop, accompanying the employees and visiting customers as they work. It's waiting for the party and always at hand.

What is the Difference Between an Air Cleaner & Air Purifier?

Air Cleaners
Air cleaners remove impurities from the air by trapping dust, pollen, and other microscopic pollutants from the air as well as pet dander, pollen, odors, smoke and dust. All cleaners let air pass through a built-in air removal particle and air filter directly into your HVAC system.

Air Purifiers
Similar to an air cleaner, air purifiers remove contaminants from the air. However, instead of using a built-in filter, air purifiers use replaceable HEPA (High Efficiency Particulate Arrest) filters. This cleaner choice, located at the top and back, is made to remove and improve the ability of your HVAC system.
